

DEPARTURE CHECKLIST

We take great pride in providing you with a clean home but are often faced with a short turnaround time between guests. In addition to leaving the home in a reasonable and tidy manor, please assist us by completing the following items:

-  Load and start the dishwasher (and handwash any remaining dishes).
-  Take all of the trash out of the home and place it in the designated outdoor bins.
-  Ensure that all lights, thermostats, BBQ propane, TV's and fireplaces (if applicable) are turned off.
-  Check all cupboards, drawers and outlets for your personal items (we aren't responsible for items left behind in the home).
-  If you have time, starting a load of bath towels in the washing machine is greatly appreciated (they take a long time to dry!).
-  If you rented a pet friendly home, please be sure all dog waste has been cleaned up and properly disposed of in the outdoor garbage bin.
-  Close all of the windows and lock all of the doors.

Check out time is 11:00 am

*There are a couple of exceptions to this check out time. Please refer to your specific home documents to confirm the exact check out time for your property.
